

poetic objects *for essential living*

Our intent is *essentially poetic*.
We believe in the power of thoughtful
objects to infuse soulful meaning
into our lives — through our love of
form, function and timelessness,
graced with sensual beauty. Inspired
by our shared *humanity*, we design
everyday objects that bring us joy.
These are never many, but just enough
— *and that is plenty*.

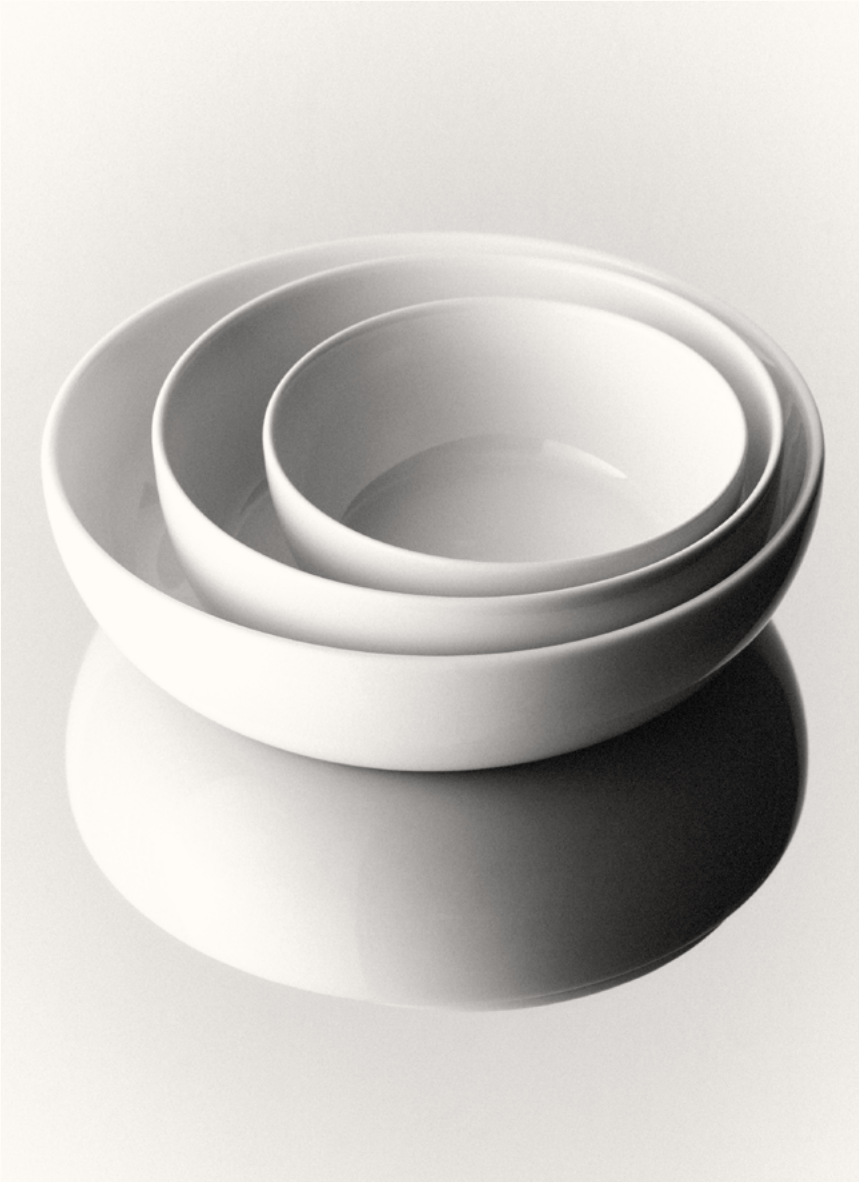

TABLEWARE

Passionately designed in Canada, our line of sensual dishes was conceived as an expression of what we believe in — the value of a shared meal, the beauty of deep and lingering conversation and the understanding that these are the moments that carry true meaning. Intentionally considered as an interplay of forms, førs balances the practical with the poetic to inspire soulful living.

Our design and production process is guided by our deep rooted belief in quality, craftsmanship and humanity. We work with carefully selected suppliers who share our utmost commitment to people and our lived environments, actively pursuing sustainable practices and responsible sourcing. Because there is no other way.

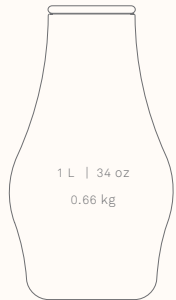

CARAFE

With its sculptural shape and handcrafted wooden lid, the carafe is perfect to serve water or wine, or use as a vase full of blooms. Enjoy bedside or at the dinner table.

SALT & PEPPER

○ WHITE

FSNP-W

With organic, whimsical forms, the salt and pepper shakers playfully nest into each other. Designed for the perfect hold, they both have a clear silicone cap on the bottom for easy use.

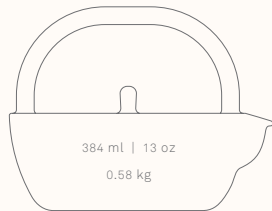

SMALL TEAPOT

With a sensual handle and delicately considered spout, the small teapot is sized for that intimate moment that evokes your senses. Pair the teapot with the small or medium cups for the essential poetic set.

førs dishes are designed in Canada with the *highest standards of quality* at heart, to withstand unapologetic usage and meet global hospitality expectations.

MATERIALITY

Our tableware is made of Vitreous China, also called new bone china — one of the strongest ceramic bodies in the world. Our clay mixture, with its elevated alumina content, ensures long lasting performance and optimal chip resistance. Our glaze, artisanally applied for a soft unique finish, is high-fired and fully vitrified for durability, preventing cracks from temperature fluctuations.

CUSTOM DESIGN

At the core of førs is a dynamic experimental energy that moves with intention, creating graceful designs grounded in permanence. Beyond our own products, we design with a customized approach from concept, forms, and colors to fulfill client and project needs — with an elasticity of mind and process. Made to order colors and fully customized designs are available at higher quantities.

WOOD MATERIALITY & CARE

Our trays combine artisanal craftsmanship to deliver slim, rounded edges and solid wood for strength and durability. Built to last, they are handcrafted with exotic wood from self-sustaining forests.

Our wood items boast a raw finish that showcases the natural grain of the wood — sincerely. Wipe with a soft, dry cloth to maintain the grain.

To remove stains, wash with mild dish soap, a gentle cloth and warm water, and dry immediately. An occasional application of a food safe vegetable oil (walnut or coconut) or mineral oil will help prevent stains and preserve a smooth, rich finish.

Do not soak or microwave wood items to avoid cracking and warping.
